always told me not to sit in the sun, which has meant only good things for the skin around my eyes. Now I'm religious about using SkinMedica TNS Essential Serum on my whole face, twice a day. It has great science behind it. In the morning, I layer on Estee Skincare by Heris Day Peptide Eye Cream, with peptides and great antioxidants, to brighten. At night, I use Clay Peal Eye Restoration Complex, which thickens skin with retinol. I've done Ulthera three times. I love the results, and I don't want to need a brow lift or surgery.
